

# Designer | EPIC™ 2

## Top Features:

- mySewnet™ Enabled - Cloud, Library, Blog, Apps and More!
- Largest Working Area - More than 310mm to the right of the needle and market's tallest working area at over 140mm\*.
- Integrated Dual Feed Technology - Feeds fabric from the top when sewing multiply layers to eliminate the need for a separate dual feed presser foot.
- Ribbon Embroidery Attachment Capability - A true innovation in the home embroidery machine. (Optional accessory).
- Adjustable Laser Sewing Guidance - For accurate sewing and easy alignment of decorative stitching, quilting and more.
- JoyOS ADVISOR™ - Includes Interactive Tutorials, Sewing Instructions, Step-by-Step Workbook, Easy Access User's Guide, Stabiliser Guide, Quick Start Guide and Accessory Guide.

# Beyond EPIC

## Sewing:

- **Exclusive Stitch Techniques** - Patent Stitch techniques gives your project dimensional elements including: Pop-Up Stitches, Sequin Stitches, Appliqué Stitches, Yarn Stitches, Theme Stitches and Laser Pictogram Stitches.
- **Over 840 Stitches** - Up to 9mm standard width or 54mm for side motion stitches.
- **6 Sewing Alphabets** - With upper and lower case letters.
- **deluxe™ Stitch System** - With the choice of thread portioning or thread tension.
- **Exclusive Sensor System™ Features:**
  - *Sensor Foot Lift* allows the foot to lower or raise automatically for every sewing technique.
  - *Sensor Foot Pivot* allowing the needle to stay down, while floating the foot for instant pivoting, easy appliqué and quilting.
  - *Sensor Foot Pressure* continuously senses the thickness of the fabric and automatically adjusts the presser foot pressure, for even feeding on all fabric types.
- **3 Free Motion Settings.**
- **Stitch Positioning** - Change the stitch position of any stitch with a less than 9mm stitch width.
- **37 Needle Positions** - For the perfect placement of your stitches.
- **Sensor One-Step Buttonholes** - Achieve perfect buttonholes every time with 16 buttonhole styles to choose from.
- **Straight Stitch Plate and Sensor** - Alerts you if any stitch other than a straight stitch is selected.
- **Sewing Functions** - All your necessary sewing functions at a touch of a button, including Needle Up/Down, Start/Stop, Stop, Fix, Automatic Thread Cutter, Pattern Restart and Speed.
- **Tapering on Decorative Stitches** - At the beginning and/or end of select decorative stitches.
- **Free Motion Sewing with Decorative Stitches.**

## Embroidery:

- **Ribbon Embroidery Attachment Capability** - The optional Ribbon Embroidery Attachment will guide and stitch down ribbon in embroidery mode.
- **Design Positioning** - Place and match your embroideries for stitch point accuracy.
- **Most Built-In Specialty Embroidery Techniques** - Over 750 built-in designs, incorporating 31 specialty techniques including Ribbon Embroidery, Thread Velvet™ Technique, Cutwork Needles, Patchwork in-the-Hoop, Free-Standing Lace and more.
- **Design Shaping** - Create unlimited new embroideries using any stitch and/or embroidery.

- **Design Appliqué** - Create appliqués directly onscreen from many built-in shapes and stitches.
- **Automatic Jump Stitch Trim** - Jump stitches are automatically cut and thread tails are pulled to the back. Top thread cutter cuts only top thread at each colour change.
- **Embroidery Design Customising** - Onscreen including adding multiple designs, rotate, mirror image, scale, move, colour edit, group and ungroup designs, undo/redo, change stitch out order, colour block sort, colour block merge and monochrome.
- **2 Basting Options for Embroidery.**
- **High-Speed Embroidery** - Up to 1000 stitches per minute.
- **3 Embroidery Hoops Included.**
- **Markets Largest Embroidery Area** - Up to 360mm x 350mm with optional DESIGNER™ Majestic Hoop.
- **Embroider Buttonholes and Decorative Stitches in the Hoop.**
- **On-Screen Embroidery Design Customising.**
- **Complimentary Computer Software Download** - Download free from [husqvarnaviking.com](http://husqvarnaviking.com) to enhance your embroidery machine.

## Machine:

- **Large Capacity Touch Screen** – 25cm tablet-like screen using touch gestures like swipe, pinch and spread.
- **Multi-Function Foot Control Capability** – Control multiple functions of your machine like thread cut or reverse without taking your hands off your project. (Optional extra).
- **Superior Feeding Performance** – With the introduction of additional front feeding teeth, overall wider feed teeth and Integrated Dual Feed Technology.
- **Large Working Area** - With more than 310mm to the right of the needle and 140mm high\*. Largest height under sewing needle at 77mm.
- **Large Thread Spool Capability** - With a built-in telescopic thread stand allows you to use larger thread spools without additional accessories.
- **Larger Bobbin** - Sew and embroider for longer periods without interruption.
- **Revolutionary LED Lighting Technology** – Brightest and most evenly distributed lighting.
- **Fully Automatic Needle Threader.**
- **Top and Bobbin Thread Sensors** – Alerts you when the bobbin is low or needle thread breaks.
- **Jam Proof Rotary Hook.**
- **Automatic Presser Foot Lift** - Raises the presser foot instantly when the needle is set to stop down and/or at the end of a seam after a thread snip.
